August Working Bee: finish off the planting for the season on Park Rd, opposite the Damper Creek playground.

2017 Community Planting Day:

After a dreadful Saturday with gale-force winds, the Community Planting Day proved a complete turn around - scarcely a breeze and sunshine on our backs as over 25 people enjoyed planting 1,750 tube stock from 10 am to 12:30 p.m. Many of our volunteers stayed for the sausage sizzle. The plantings were mostly done on the upper slopes on the left side of Damper Creek, between Park Rd and High Street Rd. How fortunate that four days later we had 15 mm of rain which should give the plants a great start.

Thanks to Maria Irwin, we have some great photos of the day. Thank you Maria.

Finding a patch of soft soil was a blessing.

'Peace-maker' Kevin had to intervene in a couple of clashes over favoured patches of ground.
